

Intelligent **DE**sign-**A**ware Learning analytics empowered 21C **L&T** System

Join our innovative project and be among the first to experience a cutting-edge technology system for advancing learning and teaching!

SYSTEM HIGHLIGHTS

Learning Design Studio (LDS)

offers learning design tools and pattern library

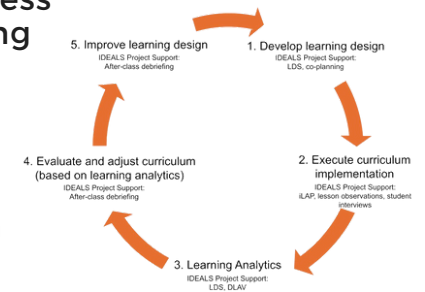

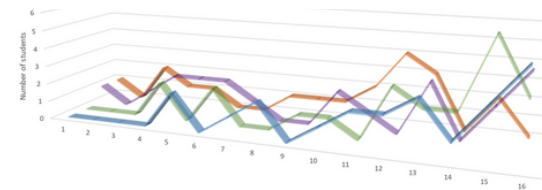

Interactive Learning and Assessment Platform (iLAP)

provides e-learning tools to facilitate learning and teaching and to collect learner data

Learning Analytics (LA)

visualizes students' learning process to enhance learning and teaching

Centre for
Information Technology in Education
Faculty of Education, The University of Hong Kong

PROJECT OVERVIEW

The project is funded by Quality Education Fund e-Learning Ancillary Facilities Programme (Project no.: 2021/0212).

Project Aim	To develop an intelligent system for learning design, interactive learning and assessment, and learning analytics for primary and secondary schools
Target Participants	<ul style="list-style-type: none"> • Diverse groups of professionals (school leaders & teachers) • Students: <ul style="list-style-type: none"> ◦ Primary schools (P.4 - P.6) ◦ Secondary schools (S.1 - S.3) • Parents
Project Duration	2023/24 to 2025/26 school year

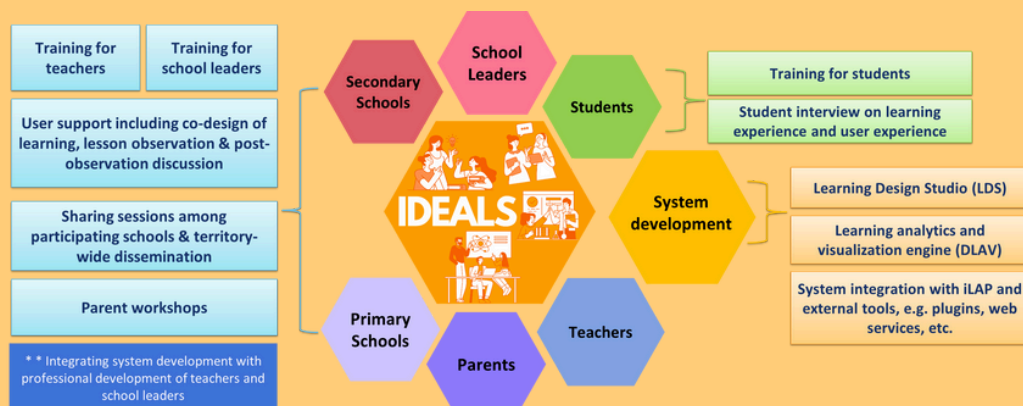

Project Application

Let's shape the future of learning!
